

Nuts and Bolts of "Fun With Science Kits"

In response to a question about the "Fun with Science" kits:

The "Fun with Science" kits are signed out in the same way other library materials are. Some contents must be returned including books and other items in the bag. Some contents are used up in doing the experiments/projects. Those items do not have to be returned. When the kit is returned, the items used up are replaced and the kit is ready for the next junior scientist! If you do not have a library card, it is easy to obtain one. They are free to all. We do need proof of an address such as driver's license or utility bill for the family. Other than that, just come on in and see all the other things in the library. 😊

Go to Library catalog, click and enter Fun With Science Kits

The screenshot shows a web browser window displaying the search results for "Fun with Science kits" on the website egvm1.mainebalsamlibraries.org/eg/opac/results?query=fun+with+Science+kits&qtype=keyword&f%3Asearch_format=&logc=1&detail_record_view=0. The search bar contains the text "fun with Science kits" and is highlighted by a blue arrow. The search results are displayed in a table format with columns for Author, Subject, and Series Title. The results are sorted by relevance and show 5 results. The first three results are visible:

Author	Subject	Series Title
Leavitt, Paula (5)	Bridges (1) Circuits (1) Electricity (1) Force (1) Inference (1)	Fun with science kits (5)

Item	Title	Author	Call number	Availability	Actions
1.	Fun with science kit: windmills	Leavitt, Paula	J 333.7 LEA KIT	1 of 1 copy available at Balsam Libraries.	Place Hold, Add to basket
